Aftermarket Parts Specialists!

Howard Marten Company has a dedicated team focused on providing replacement parts for any system that we have built since 1950!

Our comprehensive scope of services include:
- Shipment to any customer globally
- Recommended stock spare parts list
- Same day or expedited shipping
- Drop-shipping direct from the manufacturer
- Export crating

Our goal to become your one-stop supplier for all your aftermarket parts needs!
- Vast knowledge of the products
- Extensive database of equipment and components
- The experience to positively identify the required equipment and components
- Direct drop-in replacements
- Competitively priced

Understanding our customers’ needs with an appreciation for the urgency often associated with your requirements is our main focus. Minimizing your downtime is our goal, and offering a highly effective aftermarket service is our solution.
